SAP R3 Basics – An overview of implementing & using SAP's ERP system

With Dean Uva – Bayer ConsumerCare

- *Ever wonder what's required to implement an ERP or planning system?*
- *Wish you had a better understanding SAP to advance your career options?*
- *Looking to take advantage of the latest technology in planning but not quite sure where to start?*

Some of the topics to be addressed include:

- This presentation will give you the building blocks to implement SAP.
- The content and approach is also applicable to any Advanced Planning System.
- Dean will take us through the basics of SAP from a functional perspective.
- He will address some very minor technical points.
- He will provide guidelines and commentary on implementing such a system.

Finally he will navigate us through some basic screenshots to get an appreciation for the look & feel of the SAP R3 tool.

If you are a Project Manager, Planner, Functional Manager or Director supporting a Supply Chain and want to know more about the basics of SAP and what it takes to implement, this session is you !!

[Introduction to Pivot Tables in Microsoft Excel](#)

A PivotTable report is an interactive way to quickly summarize large amounts of data. Use a PivotTable report to analyze numerical data in detail and to answer unanticipated questions about your data. Come to this pre-dinner presentation and learn the basics about Pivot Tables in Microsoft Excel: when to use pivot tables, how to format a table to work with pivot tables, subtotaling and aggregating numeric data, summarizing data by categories and subcategories and creating custom calculations and formulas.

Bring your laptop to increase your learning experience.

Dean Uva has 20 years of Logistics / Planning experience in the Consumer Products Industry. He currently works as a Sr. Supply Chain Manager at Bayer Consumer Care where he is responsible for Demand, Supply and PLM Systems & Processes. In addition, he is responsible for S&OP activities and processes. Prior to Bayer, he worked at Unilever and Reckitt Benckiser within their supply chains in various planning and supporting roles. Dean has personally managed or assisted in several systems implementations including ERP, Demand, Supply, Deployment and Transportation systems.

Executive Message:

Hi everyone. I hope your summer is going good and enjoying the nice weather but it is time to start getting back into the swing of things. We are starting to gear up for the start of the new season and our Professional Development Meetings will be resuming in September. We will again be holding some joint meetings with other local chapters and in conjunction with the purchasing group.

We have started to gear up the education classes which are open to the public. Please remember that if your company is interested in holding classes at your facility all you need to do is contact our VP of Education Robert Russo. If your company is interested in offering their location for public classes also please contact Robert.

Don't forget the International Conference will be in Las Vegas this year from October 18th-20th . We hope to see a lot of you at this year's event. It should be very interesting as always.

This year we hope to be participating in several activities with Rutgers University and with the Mid Atlantic District. Next year in February we will be holding our second Student Paper Competition and I am sure it will be another successful event.

As always we welcome any suggestions for topics at our Professional Development Meetings. All you need to do is contact one of the board members. If your company is also interested in holding a plant tour, please let us know.

I hope to see you at the PDM's.

Debbie Majeski, President

Our CPIM program is very active this year!

- We have completed the CPIM classes for BSCM, ECO, DSP, and SMR.
- Our current BSCM class will continue with the MPR class starting 9/14/10. If you need this class for your CPIM, please see the details below.

We are starting the CPIM series again starting with BSCM (Basics of Supply Chain Management) on 9/13/10. If you are interested in obtaining you CPIM, please see details below.

If you are interested in holding the CPIM Classes at your company, please call

Art Shaffer – 908-403-2803

We can provide day and evening, private or public classes.

We can also customize the schedule for one session per week or multi sessions per week including the complete course in one week.

If you work for a multi site company, we will travel to other locations to meet your company education requirements.

If your management is thinking of providing APICS education to their employees but have questions, we will meet with them and present the APICS education program.

Just ask and we will put a program together to suit your needs.

**The APICS Central Jersey Chapter is committed
to the education of our members.**

What CPIM classes have you completed?

BSCM – Basics of Supply Chain

MPR – Master Planning of Resources

DSP – Detailed Scheduling and Planning

ECO – Execution and Control

SMR – Strategic Management of Resources

If you are in the process of earning your CPIM, let us know what classes you have completed and we will contact you to plan our future classes around your requirements.
